1 ADS 509 Sentiment Assignment

This notebook holds the Sentiment Assignment for Module 6 in ADS 509, Applied Text Mining. Work through this notebook, writing code and answering questions where required.

In a previous assignment you put together Twitter data and lyrics data on two artists. In this assignment we apply sentiment analysis to those data sets. If, for some reason, you did not complete that previous assignment, data to use for this assignment can be found in the assignment materials section of Blackboard.

1.1 Data Input

Now read in each of the corpora. For the lyrics data, it may be convenient to store the entire contents of the file to make it easier to inspect the titles individually, as you'll do in the last part of the assignment. In the solution, I stored the lyrics data in a dictionary with two dimensions of keys: artist and song. The value was the file contents. A Pandas data frame would work equally well.

For the Twitter data, we only need the description field for this assignment. Feel free all the descriptions read it into a data structure. In the solution, I stored the descriptions as a dictionary of lists, with the key being the artist.

```

    # Check if it's a directory

1.2 Sentiment Analysis on Songs

In this section, score the sentiment for all the songs for both artists in your data set. Score the sentiment by manually calculating the sentiment using the combined lexicons provided in this repository.

After you have calculated these sentiments, answer the questions at the end of this section.

Song Title: Good And Gracious King

Sentiment Score: 0.583

Lyrics:

I approach the throne of glory

Nothing in my hands I bring

But the promise of acceptance

From a good and gracious King

I will give to You my burden

As You give to me Your strength

Come and fill me with Your Spirit

As I sing to You this praise

You deserve the greater glory, and overcome, I lift my voice

To the King in need of nothing, empty handed I rejoice

You deserve the greater glory, and overcome with joy I sing

By Your love, I am accepted, 'cause You're a good and gracious King

And O what grace that You would see me

As Your child and as Your friend

Safe, secure in You forever

I pour out my praise again

'Cause You deserve the greater glory, and overcome, I lift my voice
To the King in need of nothing, empty handed I rejoice
'Cause You deserve the greater glory, and overcome with joy I sing
By Your love, I am accepted, 'cause You're a good and gracious King

Holy, holy, Lord Almighty
Good and gracious, good and gracious
Holy, holy, Lord Almighty
Good and gracious King
Holy, holy, Lord Almighty
Good and gracious, good and gracious
Holy, holy, Lord Almighty
Good and gracious King

You deserve the greater glory, and overcome, I lift my voice
To the King in need of nothing, empty handed I rejoice
You deserve the greater glory, and overcome with joy I sing
By Your love, I am accepted, You're a good and gracious King

You're a good and gracious King
You're a good and gracious King

Song Title: God Is Over All
Sentiment Score: 0.518
Lyrics:

God You hold the world in hand
Mountains move at Your command
Yet my needs You will provide
As a father loves his child

God is over all
God is over all
I will sing for it is well
My God is over all

God You saw the sin in me
For you reign in majesty
Jesus died to make me clean
Jesus rose to set me free

God is over all
God is over all
I will sing for it is well
My God is over all

God above all time and space
You are never far away

For in Jesus I can see
How you are a friend to me

God is over all
God is over all
I will sing for it is well
My God is over all

God is over all
God is over all
I will sing for it is well
My God is over all

Song Title: The Love Of The Father
Sentiment Score: 0.447
Lyrics:

Lift up your voices and lift up your praise
Join with the heavens declaring the wonders
Of His faithfulness forever

Sing of the victory, the hope of the world
The Saviour has risen, the Spirit has come to
Bring us into love forever

We are the people of God

With the freedom of hope in our hearts

How great is the love of the Father

Lifted from darkness and into the light

The sons and the daughters are loved at a price

Our God has made us His forever

We are the people of God

With the freedom of hope in our hearts

How great is the love of the Father

We are the people of God

With the freedom of hope in our hearts

How great is the love of the Father

This is the song of the redeemed

The ransomed and the free

Given life at such a price

This is love, this is love

And when the Father calls us home

And we see Him on the throne

Hear the voices sing as one

This is love, this is love

We are the people of God
With the freedom of hope in our hearts
How great is the love of the Father
We are the people of God
With the freedom of hope in our hearts
How great is the love of the Father

Song Title: Washed By The Blood
Sentiment Score: -0.099
Lyrics:

Once a slave to the fear and the darkness held within
O the weight of my sin, my shame
By His grace purified, in redeeming sacrifice
Living hope that won't spoil or fade

I am washed by the blood of the Son on the cross
I am washed by the blood of the Lamb
All my guilt, all my shame, were His wounds and His pain
I am washed by the blood of the Lamb

Now we know who we are, precious children called by God

Let us serve and exalt our King

With our hearts and our minds freely offer up our lives

Run the race, fix our gaze on Him

We are washed by the blood of the Son on the cross

We are washed by the blood of the Lamb

All our guilt, all our shame, were His wounds and His pain

We are washed by the blood of the Lamb

We will rise as He rose, for the grave no longer holds

Every tear will be wiped away

And the saints will be heard, praising God forevermore

Face to face with the One who saves

We are washed by the blood of the Son on the cross

We are washed by the blood of the Lamb

All our guilt, all our shame, were His wounds and His pain

We are washed by the blood of the Lamb, oh

We are washed by the blood of the Son on the cross

We are washed by the blood of the Lamb

All our guilt, all our shame, were His wounds and His pain

We are washed by the blood of the Lamb

Song Title: In Christ Alone (Live From Sydney)

Sentiment Score: -0.057

Lyrics:

In Christ alone my hope is found
He is my light, my strength, my song
This cornerstone, this solid ground
Firm through the fiercest drought and storm

What heights of love, what depths of peace
When fears are stilled, when strivings cease
My Comforter, my All in All
Here in the love of Christ I stand

In Christ alone, who took on flesh
Fullness of God in helpless babe
This gift of love and righteousness
Scorned by the ones He came to save

Till on that cross as Jesus died
The wrath of God was satisfied
For every sin on Him was laid
Here in the death of Christ I live

There in the ground His body lay
Light of the world by darkness slain

Then bursting forth in glorious Day

Up from the grave he rose again

And as He stands in victory

Sin's curse has lost its grip on me

For I am His and He is mine

Bought with the precious blood of Christ

No guilt in life, no fear in death

This is the power of Christ in me

From life's first cry to final breath

Jesus commands my destiny

No power of hell, no scheme of man

Can ever pluck me from His hand

Till He returns or calls me home

Here in the power of Christ I'll stand

No power of hell, no scheme of man

Can ever pluck me from His hand

Till He returns or calls me home

Here in the power of Christ I'll stand

Song Title: Jesus Is Alive

Sentiment Score: -0.018

Lyrics:

There is now a hope that lasts beyond our days

For the One that once was buried lives again

Now the tomb is bare and empty and the stone is rolled away

Praise the Risen One who overcame the grave

All you broken-hearted, all you worn and weak

Come find living water, everlasting streams

To the wandering spirit, lost and searching wanting something more

Find the Risen King who overcomes the world

Let there be dancing in the darkness

And let our song break through the night

Lift your voice and sing that Christ is King

For Jesus is alive

No more condemnation, no more doubt and fear

For our sin and shame, they have no power here

In His resurrection, perfect love has set the captives free

Praise the Risen King who stands in victory

Let there be dancing in the darkness

And let our song break through the night
Lift your voice and sing that Christ is King
For Jesus is alive
Let there be dancing in the darkness
And let our song break through the night
Lift your voice and sing that Christ is King
For Jesus is alive

Hallelujah, death is undone
Hallelujah, Jesus has won
Hallelujah, we overcome
Oh in Jesus, oh in Jesus
Hallelujah, death is undone
Hallelujah, Jesus has won
Hallelujah, we overcome
Oh in Jesus, oh in Jesus
Hallelujah, death is undone
Hallelujah, Jesus has won
Hallelujah, we overcome
Oh in Jesus, oh in Jesus!

Let there be dancing in the darkness
And let our song break through the night
Lift your voice and sing that Christ is King

For Jesus is alive

Let there be dancing in the darkness

And let our song break through the night

Lift your voice and sing that Christ is King

For Jesus is alive

Lift your voice and sing that Christ is King

For Jesus is alive

Song Title: God Is So Good (You Are Worthy)

Sentiment Score: 0.609

Lyrics:

No height or depth can separate
Your steadfast love who can escape
Your faithfulness, an endless sea
So full of grace and mercy
We sing

God is so good
God is so good
God is so good
He's so good to me

Haunted by the past no more
My innocence has been restored
Forgiveness flows from Your veins
Your kindness shown in all Your ways
We sing

God is so good
God is so good
God is so good
He's so good to me

There's never been anyone like You

There's never been anyone like...

You are worthy, You are worthy

Never been anyone like You

Never been anyone like You

You are worthy, You are worthy

And hope is rising like the sun

The old is gone, the new has come

I fix my eyes on Christ alone

My Rock, my Shield, my Cornerstone

We sing

God is so good

God is so good

God is so good

He's so good to me (oh, You are)

God, You are good

God, You are good

God, You're so good

You're so good to me

Set my eyes on You alone

My Rock, my Shield, my Cornerstone

Oh...

Good, always good, always good

God, You are good, You are always good

God, You're so good, always good

God, You're so good, always good

God, You're so good, always good

God, You're so good, always good

God, You're so good, always good

We sing

God is so good

God is so good

God is so good

He's so good to me

God is so good

He's so good to me

God, You're so good

You're so good to me

Love, love, wondrous love

Forgave a sinner like me

Love, love, wondrous love

Oh, how can it be?

Song Title: When I Look At The Blood

Sentiment Score: 0.477

Lyrics:

When I look at the blood

All I see is love, love, love

When I stop at the cross

I can see the love of God

But I can't see competition

I can't see hierarchy

I can't see pride or prejudice

Or the abuse of authority

I can't see lust for power

I can't see manipulation

I can't see rage or anger

Or selfish ambition

When I look at the blood

All I see is love, love, love

When I stop at the cross

I can see the love of God

But I can't see unforgiveness

I can't see hate or envy

I can't see stupid fighting

Or bitterness or jealousy

I can't see empire building

I can't see self-importance

I can't see backstabbing

Or vanity, or arrogance

When I look at the blood

All I see is love, love, love

When I stop at the cross

I can see the love of God

And I see surrender

I see sacrifice

I see salvation

I see humility

I see righteousness

I see faithfulness

I see grace

I see forgiveness

I see love

I see love

I see selfless love

Love, love, love

Love, love, love

Love, love, love

Love, love

I see love, love, love

Love, love, love

Love, love, love

Love, love, love

I see love, love, love

Love, love, love

Love, love, love

Love, love

I see love, love, love (Everywhere around me)

Love, love, love (There when I wake up in the morning)

Love, love, love (Always by my side)

Love, love, love

Love, love, love (When I lie down)

Love, love, love (When I stand up)

Love, love, love (Oh, I can see)

Love, love, love

Love, love, love

Love, love, love

Love, love, love (All I can see is)

Love, love, love

Love, love, love (Oh, I see)

Love, love, love

Love, love, love (I see)

Love, love, love

Love, love, love

Love, love, love (All around me)

Love, love, love (I see)

Sentiment Score: -0.078

Lyrics:

I don't need to be afraid of the darkness

I belong to the light

Every shadows got to run from the fire

You own the night

I don't need to be afraid of the battle

When I'm by your side

I've seen the end of this story

You win the fight

Light the fire in my soul

Tell the darkness where to go

I don't need to be afraid of the battle

When I'm by Your side

Cause I've seen the end of this story

You win the fight

Light the fire

In my soul

Tell the darkness

Where to go

Light the fire

In my soul

Tell the darkness

Where to go

Where to go

When we praise

When we praise

The enemy scatters

In your name

In your name

Strongholds shatter

When we praise

When we praise

The enemy scatters

In your name

In your name

Strongholds shatter

Tell the spirit of fear

He's gotta go

He's gotta go

Light the fire

In my soul

Tell the darkness

Where to go

Where to go

Light the fire

In my soul

Tell the darkness

Where to go

Where to go

When we praise

When we praise

The enemy scatters

In your name

In your name

Strongholds shatter

When we praise

When we praise

The enemy scatters

In your name

In your name

Strongholds shatter

Tell the spirit of fear

He's gotta go

Tell the spirit of fear

He's gotta go

He's gotta go

Tell the spirit of fear

He's gotta go

Tell the spirit of fear

He's gotta go

Song Title: No Body

Sentiment Score: -0.026

Lyrics:

Behold the Lamb

Upon the cross

Who takes away

The sins of all

Forgiveness flows

From hands and feet

As violence meets

The Prince of Peace

Behold the King

Light of the world

Lamb that was slain

Lion who rose

Is mighty to save

The fullness of God

Won't be kept in a grave

Oh, darkness, your hour is over

Behold the love

His dying plea

Behold the grace of Calvary

That rugged cross

Soon to be

The emblem of a risen king

Oh, behold the King

Light of the world

Lamb that was slain

Lion who rose

Is mighty to save

The fullness of God

Won't be kept in a grave

Oh, darkness, your hour is over

Light of the world

Lamb that was slain

Lion who rose

Is mighty to save

And the fullness of God

Won't be kept in a grave

Oh, darkness, your hour is over

No enemy can hold You down

'Cause there's no body in the grave now

One head gets to wear that crown

'Cause there's no body in the grave now

No enemy can hold You down

'Cause there's no body in the grave now

One head gets to wear that crown

'Cause there's no body in the grave now

No enemy can hold You down

'Cause there's no body in the grave now

One head gets to wear that crown

'Cause there's no body in the grave now

Light of the world

Lamb that was slain

Lion who rose

Mighty to save

And the fullness of God

Won't be kept in a grave

Oh, darkness, your hour is over

Light of the world

Lamb that was slain

Lion who rose

Is mighty to save

And the fullness of God

Won't be kept in a grave

Oh, darkness, your hour is over

No enemy can hold You down

'Cause there's no body in the grave now

One head gets to wear that crown

'Cause there's no body in the grave now

No enemy can hold You down

'Cause there's no body in the grave now

One head gets to wear that crown

'Cause there's no body in the grave now

No

There's no body in the grave now

There's no body in the grave now

Song Title: My Love
Sentiment Score: 0.524
Lyrics:

When I go away
I know my heart can stay with my love
It's understood
Everywhere with my love
My love does it good, whoa
My love, oh only my love
My love does it good

And when the cupboard's bare
I'll still find something there with my love
It's understood
Everywhere with my love
My love does it so good, whoa

My love, oh only my love
My love does it good

Only my love, oh only my love
Only my love, hold the other things to me
Oh, only my love, oh only my love
Only my love does it good to me

Everywhere with my love
Don't you see my love
It does it so good
Oh, only my love, only my love
My love does it good

Don't ever ask me why
I never say "good-bye" to my love
It's understood
'Cause everywhere with my love
My love does it good, whoa
Only my love, oh only my love
My love does it good

Oh only my love
Only my love does it good to me,whoa

Song Title: Sunny
Sentiment Score: 0.456
Lyrics:

Sunny, yesterday my life was filled with rain
Sunny, you smiled at me and then it eased my pain
Now the dark days are gone and bright days are here
My Sunny once shined so sincere, Sunny once so true
I love you I love you

Sunny thank you for the sunshine you gave to me
Sunny thank you for the love you brought my way
You gave to me your all and all
And now I feel that I'm 10 feet tall
Sunny once so true, I love you

Sunny thank you for the truth that you let me see
Sunny thank you for the facts from A to Z
Somehow I was torn like a wind blown sail

Then our love was borned when you held my hand
Sunny once so true, I love you

Sunny thank you for the sunshine you gave to me
Sunny thank you for the love you brought my way
You gave to me your all and all
And now I feel that I'm 10 feet tall
Sunny once so true, I love you

Song Title: Bang-Bang
Sentiment Score: -0.41
Lyrics:

Bang bang you shot me down
Bang bang I hit the ground
Bang bang that awful sound
Bang bang my baby shot me down

I was five and you were six
We rode on horses made of sticks
I wore black you wore white
You would always win the fight

Bang bang you shot me down
Bang bang I hit the ground
Bang bang that awful sound
Bang bang my baby shot me down

Seasons came and changed the time
I grew up I called you mine
You would always laugh and say
Remember when we used to play

Bang bang you shot me down
Bang bang and I hit the ground
Bang bang that awful sound
Bang bang my baby shot me down

Music played and people sang
Just for me the church bells rang
After echoes from a gun
We both vowed that we'd be one

Now you're gone I don't know why
Sometimes I cry
You didn't say goodbye
You didn't take the time to lie

Bang bang you shot me down
Bang bang I hit the ground
Bang bang that awful sound
Bang bang my baby shot me down

Bang bang you shot me right between my eyes
Bang bang you can't go paralyzed
Bang bang bang bang bang bang
Bang bang oh baby I'm laying on the ground
Bang bang I'll never come around

Bang bang
Bang bang
Oh baby
Bang bang
Oh baby come and wrap me
Bang bang
You see how sweet it's gonna be

Bang bang
Bang bang
Bang bang
Oh my baby my baby shot me down
Bang bang
I'm up on the ground now

Song Title: Cry Myself To Sleep
Sentiment Score: -0.25
Lyrics:

Every night, I lay my head
On my pillow on my bed
And I just cry myself to sleep

I know I shouldn't cry
Over words that were all lies
But still, I cry myself to sleep

Each night, I fight the tears
But still they fall
And all the memories linger on
He's gone, he's gone
And now there's nothing but to cry
Cry myself to sleep
Still, I cry myself to sleep

Each night, I fight those tears
But still, they fall
And all the memories linger on
He's gone, he's gone, he's gone
And now there's nothing but to cry

Ah, cry myself to sleep
Ah, cry myself to sleep
Ah, cry myself to sleep

Sentiment Score: 0.52
Lyrics:

Here come the night
In your eyes
Baby, be brave
Be wise
It's up to you
You do what you like, mmm
Won't you give it a chance, baby?

Just one more try

Baby forgive me
Baby forgive me
Baby forgive me
Baby forgive me

(Won't you give it a chance, baby?)
Won't you give it a chance, baby?
Just one more try
One more try
Yeah, eh

You got the power
You set the price
But baby, be fair
Be nice
You say you want to be happy
Then you got to put your love on the line
Just let me make you smile again, baby
I know we can work it out
Yes, I know we can

Song Title: Between The Lines
Sentiment Score: 0.315
Lyrics:

Even reading in between the lines

Every day, you hit my phone up
Every time
(You hit my phone up)
It makes my heart jump
I want you to say it, baby
(It makes my heart jump)
Say it like you mean it
It's right there on the tip of your tongue
(You hit my phone up)
And I can feel it
And I like it baby
Don't you stop
(Don't stop what you're doing, baby)
You know I like it
You stretch it out
(You know I like it)
You give massages
It's not your words
(You know I like it)
It's what's in between them
There's no need to spell out
(It makes my heart jump)
I know you want it
And I like it baby

I'm reading in between the lines
I'm reading in between the lines
(You got me reading in between the lines)
I'm reading in between the lines
(Even reading in between the lines)
I'm reading in between the lines

(You got me reading in between the lines)
And I like it, baby
And I like it, baby
(Even reading in between the lines)

I don't mind
(i don't really mind it baby)
When we get silent
Pressure's rising, it's so intense
(When we get silent)
We're making diamonds
There's no need to say it baby
(We're making diamonds)
'Cause I can tell you mean it
All over the tip of your tongue
(We're making diamonds)
You got me spaced out
And I like it, baby

I'm reading in between the lines
I'm reading in between the lines
(You got me reading in between the lines)
I'm reading in between the lines
(Even reading in between the lines)
I'm reading in between the lines
(You got me reading in between the lines)
And I like it, baby
And I like it, baby
(Even reading in between the lines)

And I like it, baby
And I like it

Let go, you're killing me
Ease up, you're killing me
Calm down, you're killing me
My god, you're killing me

Song Title: Criminal Intent

Sentiment Score: -0.181

Lyrics:

Somebody alert the authorities, I got criminal intent
Conspiracy to engage in lewd and indecent acts and events
I'mma wind it, grind it, oh my, I'mma say it again
Somebody alert the authorities, she's got criminal intent

Somebody alert the authorities, I got criminal intent
Conspiracy to engage in lewd and indecent acts and events
I'mma wind it, grind it, oh my, I'mma say it again
Somebody alert the authorities, she's got criminal intent

Somebody alert the authorities, I got criminal intent
Conspiracy to engage in lewd and indecent acts and events
I'mma wind it, grind it, oh my, I'mma say it again
Somebody alert the authorities, I got criminal intent

- Will the defendant please rise? State your full name for the record.
- Robyn
- Do you wish to say anything before the sentence is imposed?
- I do your Honor!

You know, from time to time
I need to get down
Unwind and just bump and grind
Get my shot on, have some fun
A little dirty never hurt anyone
I admit, I can get somewhat X-rated on the floor
But your Honor, how's that something you get incarcerated for?

I-I-I done nothing that's wrong
?? something that's frowned upon
I object most strongly Judge, they played my song

Somebody alert the authorities, I got criminal intent
Conspiracy to engage in lewd and indecent acts and events
I'mma wind it, grind it, oh my, I'mma say it again
Somebody alert the authorities, she's got criminal intent

Somebody alert the authorities, I got criminal intent
Conspiracy to engage in lewd and indecent acts and events
I'mma wind it, grind it, oh my, I'mma say it again
Somebody alert the authorities, I got criminal intent
Somebody alert the authorities, she's got criminal intent

Y-yo-yo Judge, may the record reflect the fact
I don't have any priors
Besides, would you pardon me
For being inappropriately attired?
But yo, listen, them cuffs down at county
Totally ripped up my pantyhose
And some snitch punk at legal aid
Stole my voucher for court clothes

I done nothing that's wrong
?? something that's frowned upon
I object most strongly Judge, they played my song

Somebody alert the authorities, I got criminal intent
Conspiracy to engage in lewd and indecent acts and events
I'mma wind it, grind it, oh my, I'mma say it again
Somebody alert the authorities, she's got criminal intent

Somebody alert the authorities, I got criminal intent
Conspiracy to engage in lewd and indecent acts and events
I'mma wind it, grind it, oh my, I'mma say it again
Somebody alert the authorities, I got criminal intent
Somebody alert the authorities, she's got criminal intent

1.2.1 Questions

Q: Overall, which artist has the higher average sentiment per song?

A: CityAlight has the highest average sentiment score per song with a value of 0.208. Cher has the lowest with 0.053.

Q: For your first artist, what are the three songs that have the highest and lowest sentiments? Print the lyrics of those songs to the screen. What do you think is driving the sentiment score?

A: The three songs with the highest sentiments for CityAlight are “Good And Gracious King”, “God Is Over All”, and “The Love Of The Father”. The three songs with the lowest sentiments for CityAlight are “Washed By The Blood”, “In Christ Alone (Live From Sydney)”, and “Jesus Is Alive”.

For worship songs, the chorus is often repeated which will help drive the sentiment score. Specifically for the top song, the words “good”, “gracious”, and “holy” are repeated several times. With these being positive sentiment terms, the overall sentiment will be pointed in that direction. For the bottom 3 songs, they are all discussing death and sin which are obvious negative sentiment terms.

Q: For your second artist, what are the three songs that have the highest and lowest sentiments? Print the lyrics of those songs to the screen. What do you think is driving the sentiment score?

A: The three songs with the highest sentiments for Pat Barrett are “God Is So Good (You Are Worthy)”, “Sing Soul Sing”, and “When I Look At The Blood”. The three songs with the lowest sentiments for Pat Barrett are “Scatter”, “No Body”, and “Cada Mañ±ana”.

Once again, worship songs often have choruses that are repeated which will help drive the sentiment score. Each of the top songs have a specific word repeated many times: good, hope/sing, and love. For instance, the top song has the word “good” show up 39 times! The bottom songs are in relation

to “enemy” and “darkness” which bring their scores down despite having a good amount of positive sentiment words as well.

Q: For your third artist, what are the three songs that have the highest and lowest sentiments? Print the lyrics of those songs to the screen. What do you think is driving the sentiment score?

A: The three songs with the highest sentiments for Cher are “My Love”, “Sunny”, and “Move Me”. The three songs with the lowest sentiments for Cher are “Bang-Bang”, “Bang Bang (My Baby Shot Me Down)”, and “Cry Myself To Sleep”. Among the top positive sentiment songs, they were all centered around the theme of love which is a positive word. Interestingly, two of the negative sentiment songs both had ‘bang’ as a reoccurring word. The other kept referencing the word ‘cry’ which helped bring the overall sentiment score down.

Q: For your fourth artist, what are the three songs that have the highest and lowest sentiments? Print the lyrics of those songs to the screen. What do you think is driving the sentiment score?

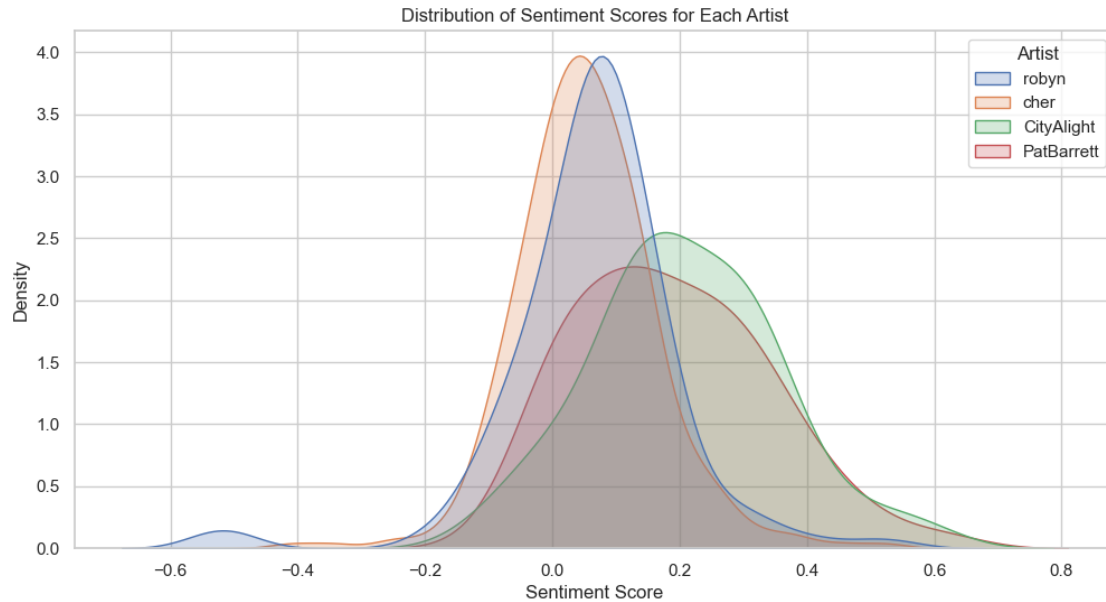

A: The three songs with the highest sentiments for Robyn are “Baby Forgive Me”, “Love Is Free”, and “Between The Lines”. The three songs with the lowest sentiments for Robyn are two renditions of “Don’t F**king Tell Me What To Do” and “Criminal Intent”. While having to ask for forgiveness implies a negative situation occurred, the sentiment score of this song was still high as it leads to many instances of praise and suggestions of how great love could be. The words ‘love’, ‘free’ and ‘like’ showed up often in the other two songs which led their scores to be positive. In the negative songs, the word ‘killing’ was in the majority of the line of the double-rendition while criminality and bad intentions were the topic of the other.

Q: Plot the distributions of the sentiment scores for each artist. You can use `seaborn` to plot densities or plot histograms in `matplotlib`.

```
[ ]: # Plot of the distributions of the sentiment scores for each artist
sns.set(style="whitegrid")
plt.figure(figsize=(12, 6))
ax = sns.kdeplot(data=lyrics_df, x='Sentiment Score', hue='Artist', fill=True,
    ↪common_norm=False)

# Set plot labels and title
ax.set_xlabel('Sentiment Score')
ax.set_ylabel('Density')
ax.set_title('Distribution of Sentiment Scores for Each Artist')

plt.show()
```

This density plot matches the takeaway from our average sentiment scoring. That is, the lyrics from Pat Barrett and CityAlight have higher positivity to them than the lyrics from Cher and Robyn.

1.3 Sentiment Analysis on Twitter Descriptions

In this section, define two sets of emojis you designate as positive and negative. Make sure to have at least 10 emojis per set. You can learn about the most popular emojis on Twitter at [the emoji tracker](#).

Associate your positive emojis with a score of +1, negative with -1. Score the average sentiment of your two artists based on the Twitter descriptions of their followers. The average sentiment can just be the total score divided by number of followers. You do not need to calculate sentiment on non-emoji content for this section.
